

Gary A. Ulaner, MD, PhD, Associate Attending Radiologist; Associate Member, Tenure-track Department of Radiology Memorial Sloan Kettering Cancer Center:

Gary A Ulaner is an Associate Attending Radiologist and Associate Member at Memorial Sloan Kettering Cancer Center. He is dual board-certified radiologist and nuclear medicine, and focuses on FDG PET/CT and novel radiotracer development for patients with breast cancer.

Gary is the principal investigator of four prospective clinical trials of novel PET radiotracers for breast cancer patients, funded by a National Institutes of Health R01 grant, a Department of Defense Breast Cancer Research Programs Award, and a grant from the Susan G. Komen Foundation. These clinical trials emphasize targeted imaging to help direct targeted therapy of cancer, including estrogen receptor- and HER2-targeted therapies. He is the founder and director of MSKCC's Oncologic PET/CT Continuing Medical Education course (www.mskcc.org/petct)
