

**Lobular Advocate Boot Camp May 14, 2020
2nd International ILC Symposium**

Advocates will learn about lobular breast cancer and lobular breast cancer research. Advocates will learn different ways they can get involved in effective advocacy to advance research and educate about lobular breast cancer.

7:15am COFFEE/ CONTINENTAL BREAKFAST

Morning Sessions: Advocates will obtain a basic knowledge of biology, treatment and research for lobular breast cancer. Speakers will be member of the LBCA Scientific Advisory Board and guest Clinicians.

8:00- 8:15 am Welcome to Lobular Advocacy Boot Camp hosted by the Lobular Breast Cancer Alliance

8:15-9:00am Overview: Basic Science and Biology of ILC

Discussion of how ILC differs from ductal cancer and why this matters in research, particularly to identify targeted therapies. Histology, pathology, subtypes and unique metastatic sites of ILC will be discussed.

9:15-10:00am Overview: Treatment of ILC

Discussion of the unique challenges of treating ILC and how research can help refine treatments. The challenges of imaging, surgery and treatment differences in ILC including the role of chemotherapy and endocrine therapies. Treatment resistance and metastatic ILC will also be discussed.

BREAK 10:00 - 10:15

10:15-11:00 Research

Discussion of types of research and clinical trials; study design and scientific literature. How research develops into new therapies and the challenges lobular researchers face including: funding, collaboration and under accrual of clinical trials.

Q&A Panel - 11:00 -12:00

12:00 - 12:45pm LUNCH

Lobular Advocate Boot Camp May 14, 2020

Afternoon Sessions: Advocates will learn about different ways to become involved in breast cancer advocacy (research, social media, communications, and education). Speakers will be from the Lobular Breast Cancer Alliance as well as guest Advocates from various institutions.

12:45pm - 1:45pm Panel Discussion: Overview of Advocacy

Education and Outreach Advocacy Communications/Social Media Advocacy/Research Advocacy

BREAK OUT SESSIONS

Each breakout session will be 45 minutes long and advocates can attend two sessions.

Breakout sessions hosted by guest advocates and LBCA members

- A. Research Advocacy
- B. Education and Outreach
- C. Communication and Social Media

2:00 - 2:45pm #1 Session

3:00 - 3:45pm #2 Session

4:00 - 4:30pm **Wrap-up:** The Lobular Breast Cancer Alliance (LBCA) and how you can participate in the movement

4:30pm Adjourn

5:00pm SCIENTIFIC SYMPOSIUM BEGINS

Note: Agenda subject to change 11/16/2019
